

# NetWorkShop

## *New developments in the research on spatial (local and interregional) knowledge networks*

The MTA-PTE Innovation and Economic Growth Research Group (funded by the Hungarian Academy of Sciences) is happy to announce the first NetWorkShop, organized around the topic of spatial knowledge networks. The event is going to take place on the 25<sup>th</sup> and 26<sup>th</sup> of June, in Pécs, at the Faculty of Business and Economics of the University of Pécs. The main aim of the event is to bring together leading researchers in the field of local and interregional knowledge networks and draw a map of European research in this field.

Participation requires registration. If you feel interested in the program, please register at [herberta@ktk.pte.hu](mailto:herberta@ktk.pte.hu).
